Re: Independent Compliance Officer Reports (Docket No. WC 16-197)

Dear Ms. Findley:

I write in my capacity as the Independent Compliance Officer ("ICO"), appointed on August 17, 2016 by the Federal Communications Commission pursuant to the Commission's Memorandum Opinion and Order released in MB Docket No. 15-149 on May 10, 2016 ("Order"). In connection with the ICO's reporting duties, there are three compliance reports due over the next two months. The current deadline for the ICO's report regarding the Settlement-Free Interconnection condition is December 13, 2016 and the current deadline for the reports on the Data Caps and Usage-Based Pricing and Residential Build-Out conditions is January 17, 2017. In light of the thorough review required, including on-going interviews of Charter personnel and assessing the various practices and procedures in place to ensure compliance with the Order, and as the monitorship is still in its early phases, I believe additional time to complete our initial evaluation would be beneficial and allow for a more meaningful report. Accordingly, we request that our time for filing each of the three reports be extended to January 31, 2017.

I appreciate your consideration of this request. Please do not hesitate to contact me with any questions.

Sincerely,

*Barbara S. Jones*
